HAPPY NEW YEAR!!!

The past 2 years have really been a struggle on humanity in many aspects of our lives. Its been worrisome, exhausting, and trying physically, financially, and emotionally. But hopefully, this year, we can set healthy goals to get up and get out of our homes and venture into the community to see what all the community has to offer. This year, Greenwood Apartments would like to know how we can make a difference FOR YOU! We'd love your input on community/holiday events that you would like to see come to Greenwood! We want to safely bring joy to our corner of the world. While Covid-19 has affected all of our lives in some way, we want to safely move forward and make 2022 our best year yet!
